STRETCH Roller Banner

A very popular telescopic roller banner stand that is lightweight, portable and very simple to use. The Stretch is ideal for any display application. As standard we print the graphic for this roller banner on a 450gsm Scrim PVC, in certain lighting conditions this material can become slightly see-through, fine if you have control over the lighting although if you do not we recommend upgrading to a stoplight material - we can upgrade to this for an additional £23.00 (exc VAT).

Features

- Lightweight components
- Telescopic pole for adjustable graphic heights
- Twist out stabilising foot for extra stability
- Supplied with a useful carry bag

SPECIFICATIONS
